ORDER AND INSPECTION NOTES

- 1. Profile is MISUMI HFS5-2020 or an exact B-type 20 x 20 slot-6 equivalent.
- 2. Both ends square cut, deburred, and clean; length tolerance +/-0.50 mm.
- 3. No end drilling or tapping: every connection uses slot nuts and external brackets.
- 4. Do not substitute an unverified V-slot profile; the selected MISUMI nuts must engage.
- 5. Total ordered length is 2775 mm, correcting the former approximately 2.5 m BOM note.
